

BC Cancer Research Institute is committed to fostering a research environment that respects and values diversity and provides equal opportunity for everyone. The collection of self-identification data is driven by this commitment. A harmonized self-identification data collection process allows the Office of Senior Executive Director to monitor the equity performance of its programs and design new measures that achieve greater equity, diversity and inclusion in research-related activities.

The questionnaire is primarily based on the current Statistics Canada census standard, as well as the [Employment Equity Act](#).

Please note that your self-declaration is voluntary and that you can identify with more than one designated group. Choosing not to self-identify for these purposes will not have consequences for your application. In cases where members of a designated group receive special consideration, it will be indicated in the application.

All information collected is kept strictly confidential and will be used for statistical purposes only.

NAME OF THE RESEARCHER: _____

FACULTY: _____

1) Select the option that you identify with.

- Woman Gender fluid, non-binary, and/or Two-Spirit
 Man I prefer not to answer
